NEW YORK, Nov. 6.—[Exclusive Dispatch.] Annual report of Colorado and Southern Railroad issued today shows an increase of \$563,692 in gross earnings and a decrease of \$85,579 in net. Nearly all of the increased earnings are accounted for by the decrease in net earnings was caused by the heavy advance in the cost of operating the road. This increase in operation was especially due to increased wages and prices of materials, coupled with inadequate equipment to handle the increased traffic. The company promptly the traffic offered.

Early in the year the road suffered from a severe congestion of freight, but that has been recently relieved by the purchase of additional motive power and the construction of new tracks. The company is now in better condition than ever before to handle maximum main loads expeditiously. During the

An interesting coincidence is the fact that Federico Boyd, one of the top counselors and the author of the manifesto published yesterday, is Spanish and Nicaraguan consul accredited to Colombia. Of course, it is to be inferred from this that the governments know of Mr. Boyd's connection with the revolution. The sentiment of the people on the

MASTERSON'S FORGERIES.

Suits Brought to Recover
Money Paid on Them.

San Involved More Than Ninety-
six Thousand Dollars.

Trials of Abby Palmer—Can-
adians Hiss the American
Anthem at Vancouver.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Nov. 6.—As the
outcome of unlawful pen work executed
by E. C. Masterson, who is in the process
of extradition from Germany, eleven
suits were filed in this city today
to recover money paid out on
forged checks. The amount involved
is in excess of \$96,000, and in each case
the Canadian Bank of Commerce is the
plaintiff. Seven of the suits are against
Wells, Fargo & Co.'s suits, from which
institution the Canadian bank demands
\$12,500. The San Francisco National
Bank is sued for \$13,250, the Nevada
National for \$17,500, the American Na-
tional for \$27,500, the First National
for \$27,500.

Masterson's crimes caused a sensation
when they were exposed several months
ago. His work was done in Los An-
geles, where he was engaged in procu-
ring loans for the Continental Build-
ing and Loan Association. The last
few months of his time in Los Angeles
were spent in framing up fraudulent
checks. In each case he represented to
the association that the owner of some
piece of property wanted to bor-
row some money. The check, drawn in
the name of the owner, was turned over
to Masterson, and he forged the owner's
signature, and the money was paid out
of the bank in Los Angeles.

The Los Angeles banks sent the
checks to their agents in this city and
they came to the Canadian Bank of
Commerce through the clearinghouse
and were paid. When it was discovered
that they were forgeries the Canadian
bank made a demand on the San Fran-
cisco banks on which the event suits
were filed. The latter refused, and the
suits filed today are the result.

The point involved in the event suits
is the worth of a clearinghouse guaran-
tee, and bankers generally will be in-
terested in the settlement of this im-
portant point.

BARK ABBY PALMER.

SAVED FROM ANGRY SEA.

(BY THE ASSOCIATED PRESS—P.M.)

VICTORIA (B. C.) Nov. 6.—Dis-
tressed and almost a wreck, the American
bark Abby Palmer, wrecked in San Fran-
cisco, and twenty-two days out from
Honolulu in ballast, was towed into
port this morning by the British
steamer Vermont, loaded with cargo
from Portland for South America,
which picked her up 140 miles south-
west of Cape Flattery. She was driven
helplessly before the wind. The
Palmer ran into a furious gale on Tues-
day, which dismasted her.

Eighty hours after the vessel was
dismasted the steamer Vermont was
seen. The Palmer will be libeled for
\$50,000, and the vessel will be made
against her by the Vermont.

The bark's hull is not damaged. Three
years ago she sailed from the liner
Empress of Japan off Atlantic. She
was formerly the British ship Blair-
more, which turned into a two-year-
old in San Francisco harbor, drown-
ing her crew.

Dispatch.) The State uniform board,
composed of Adj. Gen. Stone, Col.
Theodore Wilhelm, and Governor

National Guard with new caps and
coats, constituting what is now known
as dress uniforms, with the exception of
trousers. Thirty thousand dollars is
available for new uniforms, and it
will be utilized so far as it can go for
the purpose. Adj. Gen. Stone hopes that
next year the guard may be furnished
with new service uniforms.

Alexander A. McCormick of Chicago, former manager of the Chicago Record-Herald and present vice-president of the American Newspaper Publishers' Association, is a recent arrival in the city, and has taken a house for the winter at No. 728 St. John street, Pasadena.

Mr. McCormick is in close touch with the financial conditions in the East, and in speaking on this subject he said yesterday:

"Speaking especially of Chicago, the banks are in excellent condition. They have never done much in stock and other unhealthful speculation, but have continuously been doing a legitimate business, and prospering to a marked degree. During the nervous condition of the past sixty days there never has been any suspicion attached to any of them. Many country banks, instead of keeping their balances in New York, have transferred them to Chicago because of this feeling of security reigning in the latter city."

"All business in Chicago has been good in all lines."

"In fact, nobody but those of the rich class have been feeling the recent panic conditions in the East. They are still studying the market on their stocks, etc., but the farmer and merchant classes are in very comfortable circumstances."

Speaking of the newspaper situation in Chicago, Mr. McCormick said that the Chicago American has not been a success from any point of view.

According to M. Fernandez of the Cuban tobacco, the wholesale price of the Cuban product has advanced at least 25 per cent. since the late war in the island, and is now advancing further until conditions in the new market become such that investors will be induced to increase the acreage in raising.

Mr. Fernandez is making a tour of the Pacific Coast, and is spending a few days at the Nadeau.

"The heavy increase in the price of Cuban tobacco began with the last production," said he last night. "The unsettled political and financial conditions caused by the disturbance greatly decreased the acreage of tobacco under cultivation. Now the demand for the best grades of the Cuban product is growing so enormously in the United States that the industry is not recovering fast enough to begin to keep up with it. A great deal of American capital is beginning to go into tobacco lands in the island, however, and although the price must still advance somewhat, the immediate future, it will ultimately be brought down again nearer to the normal standard through this planting of acreage hitherto unused."

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Another Broadway Sale.

It is reported that E. S. Rowley has purchased of Frederick H. Rindge 63 1/2 feet on the northwest corner of Broadway and Eighth street, with a frame building of small value compared with the lot; consideration estimated, \$28,000.

Old Folks Entertained.

H. R. Baumgardt delightfully entertained the inmates of the Hollenbeck Home, on Thursday evening, with a lecture and stereoscopic exhibition on Sweden. His eighteen years' residence in that country enabled the lecturer to add a racy interest to the quaint and historic landmarks. Mrs. Baumgardt and Mrs. Seelye rendered musical numbers.

Volunteers Celebrate.

The Volunteers of America celebrated the opening of their newly-enlarged and refitted hall at No. 128 East First street, last night, with an enthusiastic meeting, at which Mrs. Walter Duncan was the principal speaker. The quarters will be formally dedicated to-night by Col. Duncan, who was expected last night, but was unavoidably detained.

Mrs. Weyse Dead.

Mrs. Alice Wollskill Barrows Weyse, wife of Attorney G. W. Weyse, died last night at 3 o'clock in the house of relatives at the corner of Jefferson and Flower streets. Deceased was well known as a member of one of the most famous families of Los Angeles. William Wollskill having been her grandfather. She was the daughter of H. D. Barrows.

Art-Leather Umpires.

Thael and Urmston, whose troubles culminated in a court award of \$10 damages to the former because the latter kicked the seat of his trousers, had no connection with the Los Angeles Art Leather Company, as erroneously reported. They were partners in a small concern called the California Art Leather Company, and could not agree.

Murphy's Meetings.

Francis Murphy will speak in Blanchard's Hall tomorrow night on "The Father of Mercy." A musical programme will be rendered by J. W. Eccleston, Hugh Callender and his daughter, Miss Stella Callender, and Miss Blanche Harlan. For the Thursday night prayer meetings the art studio in Blanchard's Building has been secured, and the first meeting was held there this week with a large attendance.

California Miners' Association.

The annual convention of the California Miners' Association will be held in Steinway Hall, San Francisco, on the 16th, 17th and 18th of this month. A new constitution and by-laws will be submitted, which provide for greatly enlarging the field of work of the association. Gov. Putney will deliver an address of welcome on behalf of the State, and Mayor Schmitz on behalf of the city of San Francisco.

Butted Off the Track.

Pedro Sepulveda tried to cross the tracks in front of a rapidly-moving Pasadena car near the intersection of Mission road, about 6:15 o'clock last evening, was struck by the car, and thrown twenty feet into the air. He was taken to the County Hospital, where it was found that in addition to numerous severe cuts and bruises he had sustained a compound fracture of the left leg above the ankle. Sepulveda is about 40 years of age, and was an employe of L. Sentous.

Wanted in Denver.

Gaston Smith, alias Bette, was arrested yesterday by Detective McKenzie, as a fugitive from justice. He is said to be wanted in Denver for having turned his back on a felony charge. A reward of \$25 was offered for his capture. He had been in Los Angeles but a few days, and represented himself to be a horse buyer exporting blooded stock to France. In response to a telegram informing the Denver authorities of the capture a dispatch was received requesting that the prisoner be held until an officer can reach here with a requisition.

Stabbed His Tormentor.

A number of members of the force employed by the Los Angeles District Messenger Company set upon two Japanese on Spring street near Third last night and began teasing them by striking them with sticks. One of the Japs, after having been struck several times, turned on his tormentors and defended himself. In the fight which followed, Fred Carmichael, a messenger boy, was stabbed in the left leg below the knee, the blade severing the artery. The boy was taken to the Receiving Hospital, where it was necessary to take three stitches in the wound. Several days ago messenger boys were excluded from a billiard-room conducted by Japanese, and since then it has been impossible for a Japanese to pass the messenger office without being attacked.

Wrecked a Barber Shop.

Francisco Garmona, a Mexican, is in jail for larceny as a result of the theft of a watch and chain in a barber shop at No. 221 East First street conducted by a Japanese. Garmona entered the place, and while hanging up his coat noticed the Jap's coat and vest hanging on a rack, and that it contained a watch and chain. This he defiantly appropriated, but the theft was witnessed by the Jap, who seized the Mexican and summoned the police. Before the officers arrived Garmona tried to escape, and in the fight which followed barber chairs were overturned, mirrors broken, razors, brushes, towels and other barber's implements scattered over the floor, but the Jap held his man, and Detective Steele and Craig placed him under arrest. He was charged with petty larceny.

Improvement Association.

The Maple Avenue Improvement Association held an enthusiastic meeting last night, and received six new members, bringing the enrollment up to seventy-six. C. D. Willard of the Municipal League was present and gave a short address, in which he complimented the association on what it has accomplished in the cleaning of vacant lots. A report was received showing that twenty-four more lots had been cleaned up within the past two weeks, through the efforts of the association. A plan was discussed to make this work more thorough, and to send notices to all non-residents, requesting their cooperation. An invitation was extended to the members of the South Main Street Association to join this association, and a change of name, so as to take in a larger scope of territory was discussed.

Missing Vessel Heard From.

Anxiety over the fate of one of the three foreign vessels destined for Port Los Angeles, which were mentioned in The Times as being long overdue, has been allayed. A message has been received from the captain of the British ship Rhinoceros, over 150 days from Antwerp, which is in Good Success Bay, Falkland Islands, waiting for repairs. The shipwreck was dismantled and badly damaged while rounding Cape Horn the middle of August and was obliged to put back for the nearest harbor. Advice is that it will be several months before the ship can resume its voyage. Nothing has been heard of the Cressington and the La Bruyere, each

nearly two months overdue. Although neither of these ships has been so long out as the Rhinoceros, they, unlike the British ship, have not been spoken since a month from their departure. Both are loaded with valuable cargoes for Los Angeles consignees.

(NEWS REPORTS FROM TIMES CORRESPONDENTS.)

Mining Proposition Is Rushed Through.

PASADENA CAPITALISTS GET UP EARLY FOR BUSINESS.

Two Hundred Thousand Dollars Subscribed in Short Order—Contracts Let for Maternity Ward of Hospital, Passer of Worthless Checks.

PASADENA, Office of The Times, Nov. 7.—Eight Pasadena capitalists have become interested in a large mining proposition which is floated by W. S. Fletcher of this city, who recently came here from British Columbia and who is about to build a handsome house at Washington Heights, North Pasadena, which he bought for \$60,000. The mine is known as the Fletcher mine, and is located sixteen miles from Florence, Ark. It is stated that yesterday, when the prospects were open for subscriptions by Fletcher, he stated that he would offer stock to the amount of \$200,000, but that before the meeting was over \$200,000 had been subscribed, and that Pasadena capitalists took a large portion of the bunch.

Eight o'clock in the morning is rather an early hour for capitalists in Pasadena to get together, but yesterday at that time the following men were in secret session in the rear of E. H. Lockwood's office: F. Thum, W. Thum, John Gross, Victor Marsh, Colin Stuart, J. W. McCauley, W. S. Fletcher and E. H. Lockwood. These men later reported to the Los Angeles National Bank, where they met in the office of O. J. Wigdal, assistant cashier. Other Los Angeles men present were the Barker Bros., furniture dealers; J. A. Rosesteel, former president of the United Wholesale Grocery Company; Clinton Johnson, Thomas E. Teagarden and T. J. Barkley, former president of the Barker-Stetson-Preston Wholesale Grocery Company. The Pasadena men connected with the enterprise are all well-known citizens, and it is stated that no one of them took less than \$10,000 worth of stock. The Fletcher Mining Company was incorporated under the laws of Arizona, Tuesday, and the charter arrived in Los Angeles Thursday. A meeting of the stockholders has been called for next Monday night for the purpose of organizing and electing a directorate of seven.

The holdings, which have been sixty miles from the railroad, now will be in two miles of the new branch of the Santa Fe out of Ash Fork to Phoenix and Benson, and it is the intention of the corporation to put on a maximum force of men as soon as possible. The mine has been worked for twenty years and formerly owned by the principal owners was Tom Weeden, editor of the Florence Blade. Weeden sold his interests to Fletcher last week.

MATERNITY WARD.
The Pasadena Hospital Association yesterday let the contracts for the building of the handsome new maternity ward for which Mrs. Mary Burdette donated \$10,000. The contracts aggregate \$11,527, and the general contract has been secured by Ellsworth & Co.

The wing is to have a ground floor of about 100 feet, and will be built on land owned by the association, north from the present main building to the corner of Fairmount and Congress street. It will be two stories high, of the same general style of architecture, and with the same interior and exterior finish as the main building. The wing will be connected with the main building by a two-story corridor, eight feet wide and twenty-one feet long.

There will be nine rooms on the first floor and several on the second, with a large central hall on each. There will be one room fitted up with four free beds, and all of the others will be private. The wing will also be fitted up with a complete kitchen. In the rear of the connecting corridor will be an elevator, the funds for which have been in the hands of the trustees for some time. The building will be built on the site of the old building, and the additional expense of about \$2000 is being looked for by the trustees from some other kind-hearted person, and as the hospital is full to overflowing, the point made by the directors that liberal offerings must come from the public to carry on the growing work.

CHECK-PASSER CHECKMATED.
Charles Kroener, a well-appearing six-footer, who claims to come from Long Branch, N. J., was yesterday sentenced by Judge Condon to pay a fine of \$100 or stand committed to the County Jail for 100 days, for obtaining money under false pretenses by passing worthless checks.

Kroener came to Pasadena Thursday and applied at the Carlton Hotel for a room for three days, and was told by the proprietor, Mrs. Clark, a check drawn on the Farmers and Merchants National Bank in Los Angeles for \$5, and received \$2.35 in change. The check was later in the day reported to the local bank to be worthless, the police department was notified, and Capt. Austin went on a search for the man.

Kroener had changed his clothes, but as he wore a red carnation, and as he had stated that he was going out to buy a novel, the officer was led to believe that a man found on South Fair Oaks avenue with the flower in his coat and a book sticking out of his pocket was the desired party, and asked him to walk up to the Police Station. At the station Kroener admitted his guilt, and told a sad story about lack of work, etc., and was fortunate enough to get a mild sentence. He also passed worthless checks at several places in Los Angeles and the proprietor of the Esmeralda in this city was one of his victims. The authorities state that the other charges will be brought against the man, and that he is to be sent to a general overhauling legally.

SUB-ROE COMMITTEES.
The Executive Committee of the Sub-Committee of the Board of Education in the Dodworth Block last night in further discussion of plans for New Year's Day. Sub-committees were appointed as follows: On Music, H. I. Stuart, F. P. Boynton and H. C. Meritt; Grounds, F. V. Rider, Dr. F. P. Boynton and John V. Rider; Sports, Dr. F. P. Boynton, F. V. Rider, Dr. Harry J. Macomber and C. D. Daguerre; Decoration of Streets, Stores and Residences, D. W. Herby, J. B. Twombly and J. S. Glascock; Reception, A. B. Metcalf, J. H. Holmes, Walter Raymond and D. M. Linnard; Printing, F. P. Boynton and D. W. Coolidge.

These are not all of the committees which are to be appointed. The executive board feels that a good start has been made and work will be pushed along with all possible dispatch. The charter was again discussed and the big undertaking of the revival of

this ancient sport will undoubtedly be carried through and along lines which will make it of interest to all over the United States. Handsome plans were discussed in regard to badges, pennants and souvenirs, and all things that the world-wide tournament is to be of a high order.

STUBBY STORIES.

W. Scott Way, secretary of the Board of Trade committee on the localizing of government insertions, in receipt of a letter from Prof. A. V. Stubbs of Berkeley, in which the professor states that Mr. Dorsett has completed his investigation up north and is ready to come south and consult with the Pasadena committee in regard to locations in this section. The two men will arrive in Los Angeles Tuesday and preparations are being made to show them the Pasadena sites.

The two new officers on the city force, Blasee and Carpenter, made their debut yesterday and made a good day's haul, landing five violators of ordinances, each of whom was fined \$2.

The restraining order which the Pacific Electric had placed on Mayor Viddler and the Street Superintendent the other day to prevent the removal of the tracks on Illinois street, was yesterday withdrawn. The company has agreed to remove all of the tracks under dispute so that improvements proposed may be completed. The move is considered a decided victory for the city, but it is thought that there is some flunk move back of the action.

The Humane Society held a public meeting in Rectal Hall last night, at which the future plans of the society were mapped out. The membership continues to increase.

Mrs. W. D. McGilvray and daughter, Miss Marion, expect to leave in ten days for Naples, where they will spend the winter and later join Donald A. McGilvray, who is making a trip around the world with W. H. Workman, Jr., of Los Angeles.

LONG BEACH.

CHANCE TO CATALINA?

LONG BEACH, Nov. 6.—According to a report current here from the very best authority, Banning brothers will be willing to transfer their Catalina business to Long Beach if the new owners will accommodate their steamers. One of them, according to this same authority, has looked into the matter thoroughly and when convinced that the new wharf would be longer than the old, and that the outer end would be especially designed to meet the requirements of passenger boats, a wharf would be built on the site. He further stated that Long Beach is the natural place to handle this business, being on the direct line between Los Angeles and the island, on an open harbor of easy access and having the three roads the same as San Pedro. They would have had headquarters here long ago but were afraid the swell would not permit their boats to lie in the wharf in safety at all times. Such a statement is naturally very grateful to the friends of the wharf and they are using it effectively in the bond campaign for the new structure. The bond election will be next Tuesday.

BEACH ITEMS.

According to the schedule of the Southern California Debating League a contest was to have been held before Santa Monica and Long Beach before the 25th inst. When subjects were sent to Santa Monica word came back that they were not sufficiently organized to undertake such a contest at this time, so it will come to Long Beach by default.

Mrs. H. F. Starbuck of this city is in receipt of a message from Kansas City announcing the sudden death of her mother, Mrs. L. A. Maibee, on the twenty-third anniversary of her birth. Although Mrs. Starbuck is a woman of unusual mental powers and was known through the East and Middle West as a forceful speaker and writer on the conservative side of the advanced thought. She spent a portion of last year in Southern California and went away so violent in love with the country and its people that she hoped to be able to return to live.

W. J. Johnson, who was severely injured by one of the electric cars the other night, was taken to the home of his daughter in Boyle Heights this afternoon in order that he might have better care than is possible at his own home.

Mrs. A. C. Grube has returned from a visit with relatives in Pasadena. H. E. Lodge of Pasadena, of the Pasadena Improvement Association, was calling at Long Beach friends this morning.

"A sad answer turneth away wrath," and a judicious advertisement in The Times inviteth business. Telephone your wants to Main 591 and our Long Beach agency will take your ad and send it to the main office.

SILVER SPIKE DRIVEN IN WHITTIER TROLLEY.

TODAY CITY WILL CELEBRATE COMPLETION OF LINE.

Los Angeles Chamber of Commerce Members to be Guests of Board of Trade—Banquet Tonight for Four Hundred Persons.

WHITTIER, Nov. 6.—The last spike, a silver one, in the Whittier electric line to this place, was driven today by C. W. Clayton, president of the Board of City Trustees, Charles Kinler, captain of Whittier Company, U.R.K.P., also drove a spike.

The road now has a single track completed to Greenleaf avenue in the center of the business section, with long sidings at convenient intervals. These sidings are so long that the laying of the second track will be comparatively easy, as about half the distance is now covered by them.

A curious fact connected with this happy event was the time at which it took place. No one thought about it until about 4 o'clock, when the spike was driven at 10:10 this morning, and the first spike was driven by Ascension at 10:10 a.m. on October 2, just thirty-three days apart.

Saturday afternoon a jollification will take place for the completion of the line. At about 4 o'clock special cars will arrive from Los Angeles, bringing members of the Chamber of Commerce to the number of about 100, who will be the guests of the Whittier Board of Trade. They will be driven about seven from 4 to 6 o'clock received by the Reception Committee at Masonic Hall and conducted to the large room of the Pallas building, where a banquet will be prepared, in charge of John Ribo, for about 400. A. L. Reed, president of the Board of Trade, will act as toastmaster and many five-minute speeches will be heard from Whittier people and their guests.

YOUNG CROOK CAUGHT.

POMONA, Nov. 6.—Constable Skanker made an important capture this morning. In Albert Campo, about 22 years old. Some time ago Constable Bristol of Chino notified Skanker to be on the lookout for Campo, as he was wanted in the best town for larceny. Although Campo is a young man, formerly around these parts a great deal, he has been practically in hiding for some time. He was arrested last night and was arrested. The officers had reason to believe that Campo was the person who committed several burglaries here several months ago. Upon being accused by the officers, Campo broke down and confessed, saying so far as to tell where a gold watch that he had stolen from the home of Mrs. J. J. Allan had been pawned in San Bernardino for \$5.

Dr. D. Wilkin, visiting today, is an answer to the charges against him there, and later will be returned here for prosecution.

SAN PEDRO.

WINNING FOREIGN TRADE.

SAN PEDRO, Nov. 6.—This port is fast attaining an important position among the commercial centers of the Pacific Coast. Already the advantages of the harbor are sought, and the day is not far distant when San Pedro will command a goodly portion of foreign commerce, if one is to judge by the encouraging rumors afloat. Two British ships, the Hawthornbank and Cleome, are en route here with miscellaneous cargoes from Antwerp and Rotterdam, respectively. Their arrival will mark the beginning of a new era for the foreign trade of Southern California.

Capt. Douglas White, the war correspondent, arrived here today. He will spend several months at Terminal Island this winter, where his pretty yacht, the Ramona, is quartered.

HOLLYWOOD'S FINE CHURCH.

Rabbi Hecht Says the Rich Man Forgets Former Poverty.

Methodist Preachers and Official Boards Center and Plan Evangelistic Campaign.

The handsome new Memorial Methodist Church at Hollywood will be thrown open for its first service on Sunday, Bishop H. C. Morrison of Louisville, Ky., will preach both morning and evening, but in informal, dedicatory services will not be held.

The picture shows the mission-style structure, which has been completed largely through the indefatigable activity of Rev. E. A. Stellar, the pastor of the congregation, who, not being able to gain his ends for a choice of location in any other way, bought a block among his friends in with him, sold the land at a profit, and had his church corner left at a nominal cost.

At the present time the church is temporarily seated, but in the near future its interior will be of the most modern type. The complete property is an ornament to Hollywood, and is valued at \$12,000.

LEST WE FORGET.

RICH AND POOR LINED UP.

Rabbi S. Hecht, of the Temple B'nai B'rith, last night preached to his people upon "Wealth and Poverty."

It is just about a "stand off" between the poor man and the rich man, according to Dr. Hecht's understanding. Changed conditions quickly change the man, he argues, and he apparently does not look for a speedy adjustment of the difficulty. He said in part, last night:

"We know that there are the rich and the poor, but the one half of society does not know how the other half contrives to live. We do not know the soul-life of the poor and the poor is as ignorant of the true inwardness of the rich. For this reason there is a bitter antagonism between the two divisions, a hostility which mars the true

enjoyment of life, and precludes a better mutual understanding.

"When a man is poor he is apt to pray and exhibit what he may call his religion. When he grows rich he often ceases to pray, and forgets to pray, and if after a time he thinks himself of his religious obligation he cannot control his nervousness, a modest shrine, but must needs have one luxuriously fitted up, so that even in his devotion he should not be reminded of his former poverty."

"When a man is poor the temptation is great to depart from the path of honesty, and when his bank account grows he is tempted to regard lightly the means by which wealth is amassed. We see that the rich frequently criticize the poor and the poor return the compliment by uttering condemnatory remarks against the rich. The practice is as unjust as it is frequent. If the rich man has been poor at the beginning of his career he forgets nothing so easily and so willingly as the days of his poverty."

There are honorable exceptions, but as a rule, it is true that when poverty enters a home love goes out. The poor may not boast of being more sinless than the rich; he should remember he has not the opportunity to misapply his money. We had him tell of the good he would do if he had the wealth of Mr. Moneybags, but he no sooner becomes rich than his heart becomes empty."

HERE AND THERE.

PREACHERS' RETREAT.

A novel conference of the Methodist ministers of this city and Pasadena was held in the Boyle Heights Methodist Church on Tuesday. The conference was presided over by Presiding Elders Adkinson and Stafford, and was devoted entirely to personal spiritual experiences and ministerial labors. Conferences of this character are now being held everywhere, and this one was of so satisfactory a nature that it will likely be repeated.

On the evening of the same day the pastors were joined at the First Methodist Church by the official boards of all the congregations, and a conference devoted to personal spiritual experiences and ministerial labors. A strong sentiment was expressed against amulovine professe-

A Sale of High Grade Winter Shoes

Greatest Exposition of Fine Footwear Ever Shown in Los Angeles

It is not an economical proposition to buy really low priced shoes, for they are apt to be inferior in quality and are not nearly so stylish or comfortable as the better grades. A neat and dressy shoe offsets any suit or costume and gives the wearer that self-satisfied feeling that they are dressed in correct form. Our shoe department is three times larger than any similar department in the city and in this immense assortment we should not be troubled to fit every foot and meet the requirements of every taste. There is as much style in shoes as in any other article of personal wear and while we do not deny the fact that other stores handle good shoes, we do say that no store handles better shoes than ours or as many of them, and taking quality into consideration, we are satisfied that our prices will be found uniformly lower. Our buyer has just returned from the eastern markets, where all of the shoes that will be shown at this sale were purchased under his personal supervision. They include shoes for women, men, young ladies, misses, boys and girls, and infants. We will refer to most of them by the style number, which will be followed by complete descriptions of the merits of each individual line.
